Vini.. esse é o email da fluance com as instruções de retorno. Como o pacote nem foi aberto, acho que é só remover as informações de destinatário ou cobrir elas com as novas da UPS.

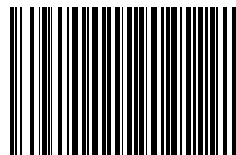

valeu!
Mathias

Do not reply to this email, this mailbox is unmonitored.

Please Note: This is not a prepaid shipping label

Cut along the dotted line and place the above portion on the **outside** of the shipping box to assist us with providing you with an effortless return process.

Note: Packages returned without the barcode may experience a delay in the refund or replacement process.

Do not reply to this email, this mailbox is unmonitored.

REFUND: Once your turntable is received and processed in our warehouse, you will receive an email notification. Please allow 8 to 10 business days for your item to be tested and your refund to be processed, dependent upon your financial institution.

We will provide you a prepaid shipping label within 1 to 2 business days.

Important Reminders Regarding Returns & Warranty Terms:

1. Manufacturer warranty only covers product issues caused by defects in material or workmanship. Warranty does not cover defects caused by normal wear, acts of nature (e.g. lightning, flood, fire, etc.), misuse, accidental damage, or shipping damage.
2. Warranty replacements/repairs may be delayed or not completed if parts or accessories are missing.

3. Any returned items deemed fully functional will be returned to the customer as is. We will only repair/replace a unit once a defect has been confirmed.\

Please follow the checklist below to assist us with preventing any delays in your return process:

IMPORTANT: Products received with physical damage, due to misuse, poor packaging, use of third party accessories or modifications such as painting, etc. will become ineligible for refund/replacement and will be returned to sender.

DATE OF ISSUE: 5/8/2024

This return authorization number will expire within 30 days from issue date.

Customer Name: Jose Mathias Gusso
Model #: RT85W

RA #: RA1167157
Quantity #: 2

Please follow the checklist below to assist us with preventing any delays in your return process:

- Ensure your items are packaged properly to prevent damage in shipping. The following video will show you how to package your turntable for return. [How to Package Your Fluance Turntable](#)

[How to Package Reference Turntables](#)

- Returned products will become ineligible for refund/replacement if the item is not shipped back in original Fluance packaging. If you require Fluance packaging, please contact us prior to returning your product.
- For **Turntables**, please ensure the following:
 1. All accessories are removed from the turntable, wrapped, and packaged separately and securely.
 - **Counterweight**
 - **Power Adapter**
 - **Headshell/Cartridge – Stylus guard must be installed**
 - **Platter**
 - **Motor Cap (Reference Series only)**
 2. The tonearm is locked & secured with a twist tie.
 3. Place the dust cover in the protective bag or bubble wrap.
 4. Place protective material, such as bubble wrap under the lid to protect the base finish.
- When your product is packaged, it should have little to no room to move within the box.
